When the vessel began to slow down they realised something was wrong, but the reassuring words of the ship's officers allayed their tears. The Bunker Hill, which is the sister only of the Mamachusetts, is one of the largest steamers plying between New York and Boston via outside passags.

At 5 e'clock last evening the steamer left her dook in Boston Harbor on her regular trip to New York. Thirty minutes after hawsers had been cast off she was a mile off-shore in Boston Harbor.

She was picking her way along when smoke bagan to fill the firstoun. Sharkey was smoking his pipe at one end of the boiler room. He ran to the other end of the room, grabbed two buckets of sand and threw them upon the fire. The fiames were well along then, and Sharkey went back for more smid.

He called for help, but the whirr of the engines in the adjoining enginerom drowned his ories. In the other competitions American horses are not quite so numerous as in former years. Judge W. H. Moore of Philadelphia is one of the largest arbitors with about 40 carriage and coaching horses, while one of the elecent rivals is Miss Mona Dun, daughter of a prominent member of the Canadian Colony, who has entered a string of so a rarity. The ordinary dye or stain is not at all satisfactory, and is easily detected, leaving the hair sticky, rubs off or colors the scalp; but this simple recipe, which you can make up at home at liftile cost, overcomes all these objections and is certain to give splendid satisfactor with a stable of 5 horses which have been insured for single hair of beard to a rich, 20,000.
